

FANTASY OSCARS DRAFT GAME

How to play: Print and cut these cards onto heavy stock paper (or use printable tear-apart Avery business card sheets), then gather a group of friends and tune in to the Academy Awards on Oscar Sunday, March 2.

Before the show starts, lay out the cards onto a table or corkboard face up. Draw numbers from a hat to determine the draft order. The first player to pick chooses their favorite card from the table, and then the second player and so on until each player has chosen one card. In the second round, the draft order is reversed so that the person who made the last pick in the first round gets the first pick in the second round. The draft order is reversed at the end of each round so that the person with the first overall pick does not maintain this advantage in every round. Keep going for 5-7 rounds, or until all of the cards have been chosen.

As you watch the Academy Awards, you'll earn points on behalf of the people and films in your hand of cards. Films earn one point each time the name of the film is mentioned, and three points for each Oscar win. People earn one point each time their name is mentioned, one point each time they appear during the broadcast (in the audience, on stage or in a clip), and three points for each Oscar win.

For example, let's say you're holding "Amy Adams" in your deck and the award for "Actress in a Leading Role" is being announced. As the presenters list the nominees, you'll earn two points: One when the presenter says her name, and one when her face is shown in the audience. If Amy Adams wins the award, you'll earn one more point when the presenter announces her as the winner, plus three points for the win. That's six points right there!

There's also a few "wild cards." These four cards aren't films or people, but can still add points to your score. If you're holding "The Academy" or "God" cards you earn one point each time a winner thanks The Academy or God in their acceptance speech, respectively. With "The Orchestra" card, you earn two points each time a winner's acceptance speech is interrupted by the band playing them off stage. If you have "The Steps" card, you earn two points each time someone trips walking up or down the stage stairs.

	MENTIONED	SHOWN ON SCREEN	WINS THE OSCAR
FILM	1 point	-	3 points
PERSON	1 point	1 point	3 points
THE ACADEMY/GOD	1 point each time they're thanked.		
THE ORCHESTRA	2 points each time a winner is played off.		
THE STEPS	2 points each time a winner trips or stumbles.		

Tally up your score on your cards as the show progresses. At the end of the night, the person with the highest score wins!

Alternate Rules:

- For a faster "blind" draft, deal the fantasy cards face-down like a deck of cards, giving a stack of 5-7 cards to each person playing.
- Play with just the film cards or just the people cards for a simpler game. You can also decide to earn points just for Oscar wins. (Remove any solo presenter or performer cards before drafting.)
- Add your own "House Rules" for extra points, like awarding points if someone isn't there to accept their award, or if they read their acceptance speech from paper.
